

Make a great first impression right at the entrance

WipeWindo®

Technical Information

WipeWindo® - When first impressions count

An effective entrance mat protects the floor by removing the dirt, grit, grease and moisture brought in every time a customer enters the store. By combining a large and practical entrance mat along with the power of floor advertising, the WipeWindo® provides the perfect solution for creating maximum impact right when your customer enters the store.

The WipeWindo® is an industrial strength entrance mat suitable for medium to high traffic areas. The mat is designed to withstand industrial washing machines making a professional exchange service possible.

Practical, effective, inescapable and safe!
